Are you prepared to re-open your business post Covid Lockdown?

Re-opening Checklist
- ☑ Consumables
- ☑ Mobility
- ☑ Barcoding
- ☐ POS Peripherals
- ☑ Kiosks
- ☑ Access Control
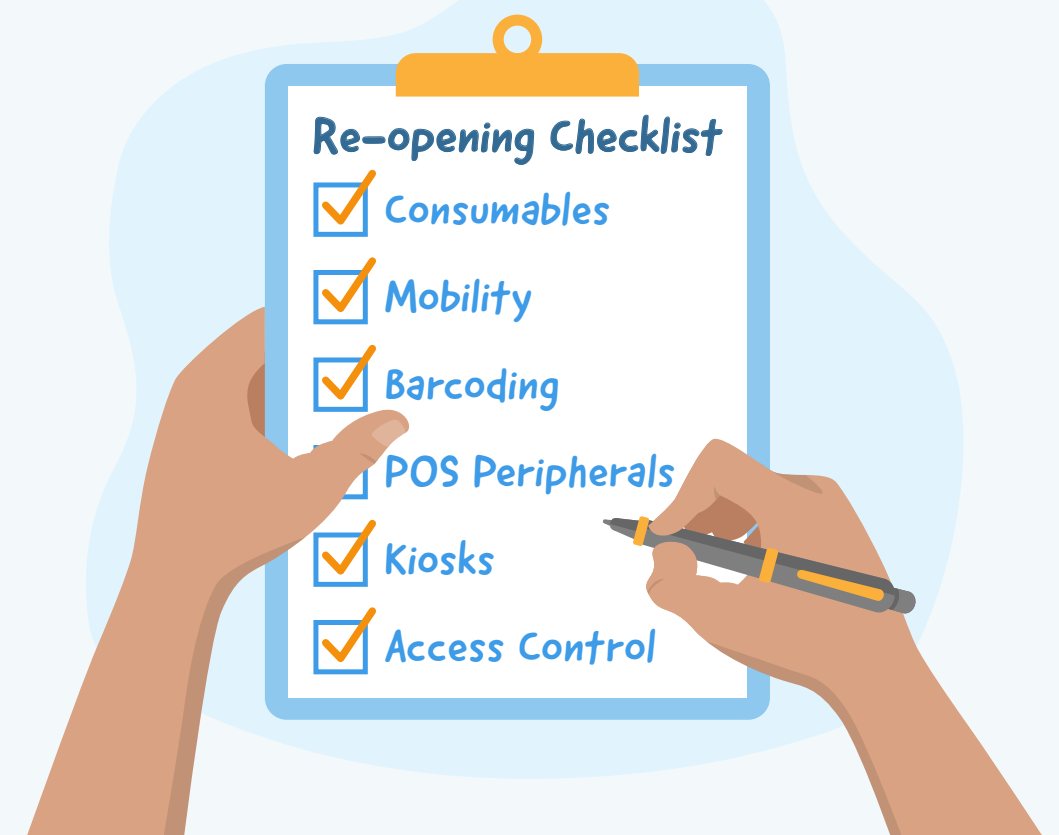

Here at UMD, we want to make sure that you have all the essentials that you require to re-open your business smoothly and successfully. We have a range of consumables, hardware and POS systems available for retail, hospitality, warehousing and many other industries. Professional engineering services are also available if you require a customised solution to be designed, and our support team can resolve technical issues. Below is a summary of what UMD has available to assist you in re-opening.

Consumables
We offer an extensive range of consumables for POS and industrial printers.

- Barcode printer label rolls and ribbons
- Tags
